

KPMF SERIES

KPMF SED620

Water Filtration

Single Manifold Part #: **KP-300-777**
Replacement Cartridge: **KPMF SED620**

APPLICATIONS

- Optimal for light-medium sediment and dirt capacities (≥ 10+ micron particulate filtration)

DESIGNED TO

- Remove particulates to provide improved taste, clarity and appearance
- Collect and trap dirt, debris and sediment in water down to a 10 micron particulate size
- Improve the performance, reliability and life of your downstream equipment and/or additional filters

PERFORMANCE

Micron Rating	10
Min./Max. Pressure	40 - 100 psi
Min./Max. Temp.	40°- 100°F
Inlet/Outlet Size	3/4" FNPT
Shipping Weight	11 lb
Dimensions (W/D/H)	14" x 9" x 29"

Performance may vary based on local water conditions

FEATURES & BENEFITS

- 20" Sediment filter can be used as a single head stand alone pre filtration system or in conjunction with any KPMF/SMF water filtration systems
- Compatible with any double, triple and quad KPMF/SMF manifold system
- Safeguards your equipment from the damaging effects of sediment, dirt and debris, preserves filter life and helps to reduce equipment downtime
- Delivers optimal taste and clarity of your company's tea/coffee beverage specifications and improves the clarity of your ice to enhance guest satisfaction
- Helps to preserve RO membranes by collecting dirt and debris upstream to help prolong membrane life
