

CALCITE SERIES KPMF CAL610 Water Filtration

System Part #: **KP-300-777**
Replacement Cartridge #: **KPMF CAL610**

APPLICATIONS

Ice Machine

Coffee/Tea

DESIGNED TO

- Provide additional total dissolved solids (TDS) after reverse osmosis process to meet the ice makers specifications
- Improves coffee recipe compliance
- The filter cartridge is compatible with KPRO Single, Double, Triple, and Quad.
- Adding calcite to the water helps to increase the pH level by offsetting its acidity, helping to maintain water recipe compliance.
