

KPMF SERIES

KPMF 620-MOAP

Water Filtration

Single Manifold Part #: **KP-300-777**
Replacement Cartridge: **KPMF 620-MOAP**

14"

29"

APPLICATIONS

Fountain

Ice Machine

Juice/Water
Dispensing

Drinking
water

DESIGNED TO

- Improve the performance, reliability and life of your downstream equipment and/or additional carbon filters
- Nanofiber pleated material helps reduce cysts to keep your operations running smoothly
- Collects and traps dirt*, debris* and sediment*

PERFORMANCE

Flow Rate	10 GPM
Micron Rating	1 micron
Min./Max. Pressure	40 - 100 psi
Min./Max. Temp.	40° - 100°F
Inlet/Outlet Size	3/4" FNPT
Shipping Weight	12 lb
Dimensions (W/D/H)	14" x 9" x 29"

Performance may vary based on local water conditions
EPA Est. No. 92879-GA-1

* Tested by manufacturer's laboratory for dirt, debris and sediment reduction

FEATURES & BENEFITS

- Tested and verified by third party certifying body for cyst reduction to the NSF/ANSI Standard 53
- Safeguards your equipment from the damaging effects of sediment and delivers optimal taste and clarity to your beverages and ice
- Modular design enables this filter to be used in conjunction with additional KPMF filter solutions

C US

KPMF 620-MOAP is tested and certified by the Water Quality Association according to NSF/ANSI 53 for material safety, structural integrity, and the reduction of cysts, NSF/ANSI/CAN 372 for lead free compliance, and CSA B483.1, as verified and substantiated by test data.
